Minutes of Meeting 27 October, 2011

The meeting was called to order at 8:04 p.m. by the president. All officers were present except for Garth Rodericks and Larry Finch. There were eight Panteras in the parking lot, and 36 members signed the roster.

New Members/Guests: The club welcomed **Larry Larson** to the fold. Larry has been a Pantera owner for many years, and belonged to PCNC many years ago. We have seen him at a few of the Sharp's tech sessions, driving a beautiful powder blue Pantera with Group 4 flares and exceptionally rare factory Group 4 wheels. He has recently purchased back his original Pantera, a '72 Pre-L, and drove that car to the meeting.

Greg Taylor said that he met a fellow in the parking lot named **Craig**, who lives in Pasadena and owns #4365. He wasn't aware of the existence of POCA, much less his local Pantera club (Foothill Panteras). Greg encouraged him to join PCNC no matter where he lives!

Changes To Last Month's Minutes: David Fisher's name was misspelled Fischer; the actual spelling is Fisher.

Club Treasury Report: There were no significant changes to our balance. All bills have been paid, and our POCA rebate should be arriving soon. Our balance has been going down slightly each month, but starting with the October newsletter, we have switched to a different printer and will be saving \$100-150 each month on newsletter printing as a result.

Club Store Report: If you have ordered a jacket from the club store, Rich had them in-hand. With the approach of winter weather, he also brought sweatshirts and hoodies emblazoned with the PCNC logo, in sizes S to XXL, for \$45.

Club Membership Report: Brent had nothing to report, except that David Fisher (spelled, and pronounced, "Fisher") is now formally a member of PCNC. Welcome aboard!

Club Name Badges Report: Bob was present (wearing his badge this time) and handing out name badges. He wants to hand out more, so if you've ordered one, or have passed some benchmark anniversary that automatically entitles you to a new one (ten year member, etc.) please contact him.

Club Website Report: Other than the fact that the latest newsletter was posted to the website, Mark had no news. Come to think of it, Christmas party information is posted there too now. So there was some news after all!

Club Library Report: Forest reported that he received an inquiry from a non-club-member living on the east coast who wanted to check out some of our materials. The members present voted that club library materials would only be loaned out to club members (and preferably in person!)

Steve Liebenow acquired a full set of *Pantera International* magazines, from Volume 2 No. 2, through 1985. He read them all cover to cover and found only a handful of oblique references to Mangustas. He found them fascinating nonetheless; especially interesting were the photos of Panteras, then only a few years old, virtually rusted to oblivion. PI launched a massive effort to get Ford to supply parts and stand behind rust issues with the cars, and they were ultimately successful.

He also found the technical articles interesting; in many cases, people were successfully inventing solutions to problems that are just now being invented a second time and considered new and innovative. By the same token, some people were doing some truly awful things to Panteras and then proudly documenting their 'improvements'.

Steve suggested that members sign out a few issues at a time, just to gain an appreciation for where we've come from. Any duplicate issues will be sold on E-bay.

Forest mentioned that he (personally) has every issue of PI as well as every PI tech insert since #1; if you're interested in seeing them, let him know.

Past Events:

All-Italian Car Show In Alameda: This year's event boasted bigger-than-normal participation, with some 350 preregistered cars, and many more arriving on the day. There were 11

Panteras present, including two driven by non-PCNC members. The event is a charity for the Alameda Special Olympics, and the organizers offered a terrific buffet lunch. Afterwards most people followed the Dalcinos home, where they put on a dynamite dinner. See the article elsewhere in this newsletter.

Checkered Flag Track Day: Checkered Flag Racing Association is a private open track club founded by a group of PCNC members (all but one of whom have since sold their Panteras to fund dedicated track cars). Feeling nostalgic, they extended an invitation to PCNC to attend their track day at Thunderhill for half-price. Five Panteras (and a beater VW Scirocco) responded, and everyone had a great time. Additionally, stealth PCNC members Erik Belter, and Mad Dog Antenucci came to spectate.

There was a bit of off-roading, and Rich Boschert's motor fell apart almost immediately (his response when learning that the cause was failed roller lifters, "YAY! It's only a thousand dollars!") Mike and Lori both demolished their brake pads by the end of the day, and everybody went home happy!

Bob mentioned that although it only cost \$98 to enter the event, by the time he was finished buying new tires, race gas, gas for the truck, hotel, etc. etc. he spent \$3000 to be there!

Watch for an article and photos in next month's newsletter.

Upcoming Events:

CFRA Track Day At Sears Point — 20 November: CFRA is again extending their half-price offer to the members of PCNC; anyone who has not already run in a CFRA track event can do so for half the normal price. They are running at Sears Point (don't call it Infineon—the name is going to change again soon anyway!) on the Sunday before Thanksgiving. For registration information, visit their website at <http://www.cfra.net/web/>. Note that they aren't set up to accept online registration/payment at the discounted rate; you can start the process via the website but eventually will have to send a check payable to "CFRA" to Ed Kornegay.

PCNC Christmas Party — 9 December: Diane worked hard to plan this event, evaluating three different potential venues before selecting the Crowne Plaza, which is across the street from the Trader Vic's where we have celebrated for the past few years. The cost of the dinner will be \$50 each (not \$55 as reported last month). She has also reserved 12 rooms at a discounted rate of \$99. A flyer was mailed out to all club members, but there were a few typos; the area code for the hotel is 650, not 408, and the group reservation code is PNC, not PCN. A hand-corrected version appears elsewhere in this newsletter.

Send your checks to Diane (along with menu choices), made out to PCNC.

Super Bowl Party — 5 February: We are looking for a site for the Super Bowl party; somebody volunteered Brent Stewart's house! He said he'd be happy to host it, if nobody else steps forward. If you'd like to host it, please contact Diane to make the necessary arrangements.

POCA Fun Rally: Thanks to a strong contingent of volunteers from Arizona, and strong support from the membership at large (particularly from Southern California), Arizona won out as the location for the next POCA Fun Rally by an overwhelming margin. It will be held at the end of April in a new resort, which is conveniently located directly across the street from the track. Watch for more information in upcoming POCA newsletters.

Club Business:

POCA Elections: At the time of the meeting, there were no candidates for POCA President. A ballot was subsequently mailed with the November POCA newsletter with Judy DeRyke listed as a candidate; however, former POCA president Les Gray subsequently threw his hat into the ring. There is therefore a contest for the presidency, but only a single name on the ballot. Those who wish to vote for Les are urged to write his name in on the ballot in the space provided, and return it in a timely manner.

PCNC Elections: A ballot appears elsewhere in this newsletter; if you aren't going to be present to vote in person at the November meeting, please tear out the page (or make a copy) and return it to Garth Rodericks who will be tabulating the votes.

Buy, Sell and Swap:

Aviaid Anyone?: Mike Drew has a brand new, never-used Aviaid Pantera oil pan for a 351C available. They retail for \$450-500; he's asking \$350.

Scooter For Sale: Bob Benson has a 2006 Blur 150cc scooter for sale. He paid \$3800 for it, and put 2000 miles on it, and now is seeking \$2000.

Immaculate Stock Pantera For Sale: A non-PCNC member named Bob Westvall has a white '72 Pre-L Pantera #3260 for sale. He has owned it since 1978 and stored it in a hangar. It just turned over 20K miles and is literally like new, without a single scratch or ding. He's seeking \$50K. Contact Bud Millard for more information.

Weldon Brown's Pantera For Sale: Mike Mayberry is selling this well-known Pantera with an asking price of \$55K. The general consensus is that prices seem to be rising these days....

News, Clues and Rumors:

SEMA Star: Jim Cozzolino's super-duper Acura NSX was photographed and featured on all the advertising for the Canton company at the upcoming SEMA show; the car will also be displayed right outside the main entrance.

New McLaren Dealership: The Bay Area now has its very own McLaren dealership in Palo Alto, on El Camino. They have a 1996 McLaren F1 on display in the lobby, and a single demonstrator of the new McLaren MP4-12C available for test-drives.

Pantera Sold: A yellow '72 Pantera, in good condition but rather unremarkable otherwise, was for sale at an exotic car dealership on El Camino with an asking price of \$100K! Patrick King saw it being loaded on a transporter; it obviously sold for considerably less (one would hope anyway!)

The Car's The Star: Ron's Pantera was photographed by a professional in Monterey this year, and his car is now featured on the photographer's website and Facebook page.

Mojave Mile: Darryl Johnson managed to make 178 mph this time, down a few mph from his last attempt. He is going to change from a dual-plane to a single-plane intake in the hopes of achieving a bit more top-end power for a bit more speed (he has plenty of gearing to support it). Meanwhile, Bob Lucas was offered the opportunity to drive a Winston Cup NASCAR racer; on the first day he made a rookie pass at 141 mph, then 176 mph, and on Sunday he hit 192 mph! He hopes to break 200 mph next time.

He said that yes, things happen VERY fast at 200 mph!

The fastest guy there was a lunatic on a motorcycle that went 274 mph! Twin-turbocharged Ford GTs were hitting 225-230 mph in fifth gear (they can't pull the super-tall sixth gear cruising ratio).

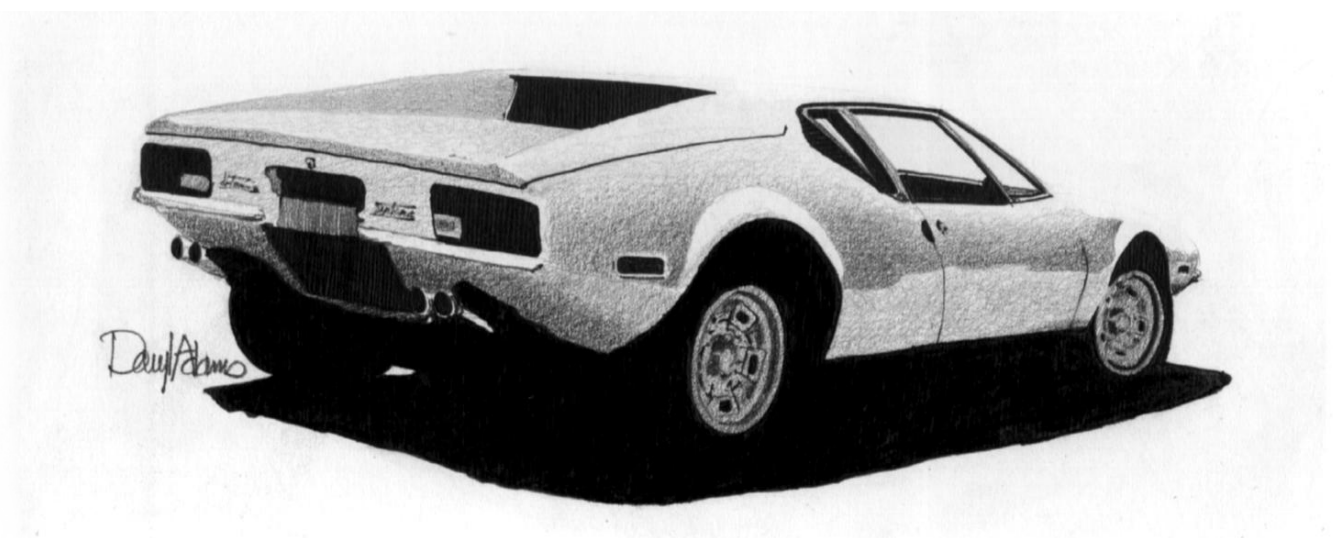

Canada Surprise: Mike surprised Lori for her birthday, by picking her up for dinner and instead flying her to Canada for a long weekend! After a day spent in Quebec City, they linked up with Montreal and Ottawa Pantera/Mangusta owners (seven Panteras, almost 20 people) for a day spent driving among the fall colors, a huge brunch, and a terrific dinner at the home of one of the Montreal guys.

Driving For Dinner Raffle: The winner was Kevin Abbey.

Raffle Results: Trevor and Brent passed the hat with the following results:

Wheel/tire cleaner — Forest Goodhart, Chuck Melton, Mark McWhinney
Quick detailer — Brent Stewart
Combo wrenches — Bud Millard
Shop towels — Chuck Melton
Polisher/sander — Darryl Johnson
Nose hair trimmer — Tony Blevins
Garden pruners — Bob Benson
Wire brush — Denny Morse
Two pairs of wood clamps — Steve Dalcino, Greg Taylor
Bug zapper — Diane Silven

The meeting adjourned to the parking lot for tire-kicking and BSing; the last people didn't leave until midnight!

2011 PCNC Proxy Ballot for the Election of Board Members to serve during calendar year 2012

You may vote either by the use of this Proxy Ballot or in person at the November membership meeting (see this newsletter for time and exact location of the meeting).

- 1) If you choose to vote by Proxy, you must sign the ballot so a ballot will not be given to you at the meeting.
- 2) If you vote by Proxy and also attend the meeting, you may reclaim your proxy prior to the distribution of regular ballots and thus be allowed to vote then.
- 3) Each Member and each Associate Member is entitled to vote. For write-in candidates there is a line and box for the Member and a line and a box for the Associate to use.
- 4) Select one candidate for each office.
- 5) Ballots may be hand-delivered to the meeting or mailed to: Garth Rodericks, 1642 Husted Ave, San Jose CA 95125

Charities Vote

(2011)

By Russ Britschgi

It is time again for you, the members of PCNC, to decide which charities should be the recipients of the chapter's benevolence funds.

For 2010 the benevolence fund was set at \$500. The bulk of this fund comes from the club store sales at the Reno Fun Rally. But additional funding comes from the club raffles and other activities.

A ballot will be available at our November 17th meeting for you to make your selections. The benevolence funds will be divided equally between the two with the most votes.

All seven of the charities will be on the ballot. There will also be a blank space for write-in charities.

The charities are:

Pets In Need: (A donation was made in 2010.)

This Redwood City based charity is new on our list this year. Pets In Need is dedicated to rescuing animals, who are about to be euthanized because their adoption time limit has expired at public shelters. Each year Pets In Need rescues over 1,000 dogs & cats and finds them a home; there is no death policy for these adoptable pets. They have a home at Pets In Need till adopted.

Alzheimer's Association, Northern California & Nevada: (A donation was made in 2008, and '09.)

Alzheimer's is a very slow degenerative disease of the mind for which there is no known cure. It can easily take over 10 years for it to run its course and end in death. Alzheimer's is often the subject of humor with jokes about forgetfulness and repetitive actions, etc., but for the victim and those family members and friends who support and care for the victim there is little humor at all.

The Alzheimer's Association

serves as a support group for those bearing the burden of caring for and attending to the needs of the victim, and also as an advocate for funding for research into the cause and the finding of a cure.

Alzheimer's is just one of the forms of premature senility that can start as early as age 40. If you have not yet had experience with these diseases, you will. Perhaps an aunt, an uncle, a friend, a parent, a spouse, or even you.

Canine Companions: (A donation was made in 1996, 2001 and '05.)

Based in Marin County, this organization provides dogs trained to assist people with what for most of us is just normal living.

These dogs may be used by paraplegics or quadriplegics for such tasks as opening doors or for retrieving items that have been dropped. They may serve as the ears for someone who cannot hear such things as doorbells and audible warning devices.

The American Cancer Society: (Donations were made in 1995, '97, '98, '99, 2000 and '06.)

As a national organization, the Cancer Society has long been at the front in the fight against cancer. It is dedicated to the elimination of cancer through prevention, the saving of lives, and the diminishing of suffering through research, education and service. Cancer can be a slow and insidious disease which puts a great deal of stress on both the victim and the victim's family and friends. While our small donations may not appear that big when it comes to the funding of a research project, it can certainly help to pay for a support group or to supply someone with needed medical equipment.

Guide Dogs for the Blind: (Donations were made in 1990, '91, '93, '94, '96, 2000, '01, '02, '04, '06, '07, '08, '09 and '10.)

This San Rafael based charity was incorporated over 60 years ago.

It has been breeding, raising and training dogs to serve as the eyes for blind people ever since. Last year, over 1,000 puppies started the process of learning to assist those without sight.

The Greater Bay Area Make-A-Wish Foundation: (A donation was made in 1998, '99, 2002 and '07.)

The Make-A-Wish Foundation was founded as a non-profit organization in 1980 in response to the wish of a terminally-ill boy who wanted to be a policeman. Officers of the Arizona Department of Public Safety granted Chris Greicius his wish with a custom-made uniform, a helmet, a badge, a ticket book and a helicopter ride. This one child's delight in having his wish come true provided the impetus for the creation of a national organization.

Since the Greater Bay Area Chapter was formed in 1984, well over 1,500 wishes have been granted to kids and children not expected to survive to age 18.

The Bay Area Chapter of the ALS Association: (A donation was made in 2002.)

A few years ago amyotrophic lateral sclerosis, ALS, claimed the life of former PCNC member, Chuck Brown. This cruel disease slowly takes away your ability to walk, stand, use your arms and hands till finally you can't talk or breathe. Its progress is slow and steady. Both the victim and the family members can see its progress week by week. The ALS Association is the only national not-for-profit voluntary health organization whose sole mission is to find a cure, and to bring hope and comfort to people living with ALS, as well as their families and care givers. It also provides referral services, support groups, and respite care, and lends equipment.

Please give these few charities some thought and make your choices wisely.

Mark only two and make marks clearly.

Membership News

New Members for November:

David and Thao Fisher. David and Thao were at both our September and October meetings. In between those two meetings they bought a yellow '73 Pantera in southern California and drove it back to the Bay Area. The drive home was problem-free, but since getting home David started disassembling the car. He now has parts all over his garage. Perhaps we should get ready to answer a lot of questions in the near future. Welcome to our world, David and Thao.

November Membership Anniversaries:

We congratulate the following persons for the indicated years of continuous membership in the Pantera Club of Northern California:

Rod and Irina Pack: 30 years

Roger and Elana Thomas: 18 years

Steve and Linda Bogart: 13 years

Jason Eaton: 12 years

Paul Bowden: 5 years

Robert and Theresa Jones: 4 years

Mike and Sue DeFazio: 2 years

Erik Belter: 18 years

Keith and Cindy Gilmore: 14 years

Todd Glycer and Renee LoVette: 13 years

Bob Benson: 10 years

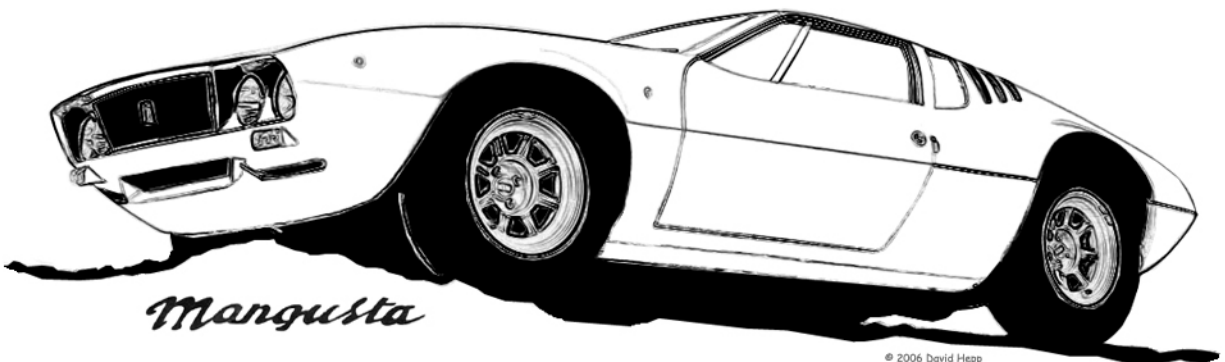

Patrick King: 5 years

John and Connie Hansen: 3 years

Scott Pinsky: 2 years

New Membership Rosters Will be Printed the Second Week of January:

- 1) If you do not wish to have your address, phone number(s), and/or car information listed, you must notify the PCNC Membership Coordinator.
- 2) If the data in the current Roster has changed, please be sure the Membership Coordinator has the correct info on file.
- 3) Your E-mail address can be included if you give it to the Membership Coordinator.
- 4) The Membership Coordinator is Brent Stewart, 7232 Glenview Drive, San Jose, CA 95120. You may call 408/768-0649 or send a email to: bjbstewart@yahoo.com.

All-Italian Car Show

Story by Lori Albino

Photos by Lori Albino and Matt Kelleher

The night before the event, I was 'volunteered' to do the important task of writing an article about the All-Italian Car Show taking place on Sunday, October 9th at the Lincoln Middle School in Alameda.

I'm happy to report that the event was a profound success. If you were there then you already know what I'm talking about. If you were, sadly, not there, you were missed, *and* you missed out. Read on for a recap of a very fun Pantera day!

I was excited at the prospect of gaining material for my article, and de-

The PCNC divas alongside Nancy Haney's beautiful '73 Pantera L

Nursing a broken ankle, Doug Abadie managed to bring his Chevy-powered Pantera to the show

Tony Blevins and his bewinged and beflared '74 GTS

ecided to approach my assignment like a 'real' reporter, with camera, notepad, and pencil in hand. Very quickly I found out that people are thrilled to speak to anyone (even a nobody like me) who promises to make them famous! However, let me back up just a bit.

My Pantera "Guido" and I left Benicia about 8:30 a.m. and traveled by ourselves, as Mike Drew (who was to accompany us) was delayed on an Air Force trip (surprise!) and was high in the sky flying home from England. Hopefully he would arrive in time for the always awesome rock star 'after' party at the Dalcinos!

Guido was all smiles from his mini-spa treatment the day before, and ready to get his shiny metal out on the road.

Once I arrived I found the Dalcinos, the Haneys, and spectacularly gorgeous weather. Really! After Merry and I scored a donut, I gathered my posse and we set out see the cars! The first priority was to make sure we

connected with all De Tomasos and their owners. Nancy nicely agreed to point out cars of other makes that you readers might be interested in. We found a few!

A total of nine Panteras decorated the lawn of the middle school, and were scattered about rubbing elbows (or whatever the car equivalent would be) with Ferraris, Maseratis, Fiats, Alfas, etc. Five of the nine Panteras were red, and four of those were associated with familiar owners...Nancy Haney, Garry and Sue Choate, Steve and Merry Dalcino, and me. There was a 'mystery' red 1972 #2347 all alone with no identifying paperwork or owner to reveal its story. Would we be able to solve the mystery and find out who it belonged to?

Italian motorcycles, like this old Moto Guzzi, are a big part of the show as well

This 1958 Abarth Zagato 750 has a distinctive 'double-bubble' roof and is powered by a tweaked 750cc Fiat

Some people know how to go in style! These folks were rolling with fine wine and fresh-cut roses....

Tony Blevins came in style with his sharp-looking 1974 gray GTS sporting North Carolina license plate "Enzo Who". Doug Abadie, with busted ankle, sat in a lawn chair next to his dark red 1972, and explained to me about his car's 418 cubic inch Donovan Aluminum Chevy engine! Trevor Fougere graced the event

Mystery man Matthew Frierman showed the Pantera he has owned since 1984

in his Petroleum Gray 1972 Pantera, and was proud to state he has not received any tickets as of late! Last, but not least, we had the Shacklefords and their blue 1972 Pre-L, which is in beautiful and pristine condition.

All De Tomasos present have been noted, so now it's time to mention other cars, and people, that we found to be newsworthy. As we meandered past the sea of Italian cars, a tiny and interesting specimen caught our eye. Upon

closer inspection it was found to be an Abarth Zagato Fiat 750. Sweet!

Camera in hand, I was also on the lookout for anything other than cars that might be worthy of a photo. Car show folks like to relax and sit with friends while taking a rest from admiring the competition. I noticed there was no shortage of lawn chairs for this purpose. All set-ups looked generic, until I spotted a group who obviously took this tradition up a notch by setting up a stunning

scene. We enjoyed the company of the Choate's son Ryan and his family, Russ and Doris Britschgi, Steve and Linda Liebenow, Matt Kelleher, Barry Hosier and his mom, and the Dalcino's friends, Rick and Roberta. Hope I didn't leave anyone out!

After a great Italian lunch and charity raffle (where the Choates typically cleaned up with prizes) we headed to our cars for the caravan to the now-famous Dalcino after-party. Upon arriving at my Pantera I found a nice gentleman in the process of putting a note on my car. The mystery Pantera owner! Matthew and Caroline Frierman have owned their car since the mid-eighties, and had never heard of a Pantera club! Needless to say Mike Drew now has all his contact information and will be giving him the lowdown in the hopes of getting us a new PCNC member.

Finally we all hit the road, and made our way to the Dalcinos, happily finishing off yet another wonderful Pantera day with fine food and great friends. Oh! And driving straight from the airplane, Mike did make it to the party, still wearing his flight suit!

The Dalcinos hosted a delightful after-party to cap off the day

table display with a bouquet of fresh roses, and a gorgeous picnic basket, which we later found out was purchased in Greece!

On and off throughout the day familiar friends arrived on the

PCNC CHRISTMAS PARTY & AWARDS BANQUET

WHEN: Friday, December 9, 2011, 6:30 till 11:00
Hors d'oeuvres available prior to dinner
